

## CURRICULUM VITAE

### PROFILE SUMMERY

Mobile app developer with 4+ years of experience delivering high-performance Flutter and Android (Java/Kotlin) applications. Specialized in Clean Architecture, scalable codebases, and seamless integrations with Firebase, REST APIs, and MySQL. Skilled in building reliable CI/CD pipelines and managing project workflows through GitHub and JIRA. Strong problem-solver with a consistent record of shipping clean, stable, production-ready apps. Seeking a professional team where real impact and technical growth matter.

### EXPERIENCE

2024 – Present

#### **Developers Options Company | Yemen**

Mobile App Developer

- Develop Flutter and Android applications within the mobile team at Developer Options
- Improved app performance by ~25% through optimized state management and caching.
- Integrated Firebase, REST APIs, push notifications, and real-time features.
- Contributed to architecture decisions and code quality improvements.

2023 -2024

#### **Freelance Android | Yemen**

Mobile App Developer (Remote)

- Delivered complete applications including UI, logic, backend integration, and deployment.

2022 -2023

#### **NetCoin Company | Yemen**

Mobile App Developer

- Developed native Android applications using Kotlin & Java.
- Implemented authentication flows and REST API integrations.
- Reduced app crash rate by ~30% by improving code structure.

### EDUCATION

2020 – 2021

#### **Coding Academy (Powered by Rowad)**

**Android App Bootcamp**

10.2015 - 08.2019

#### **Sana'a University**

**Bachelor's Degree in Computer Science, Grade: 87.4%**

2014 - 2015

#### **British Academic Institute**

**Diploma in English, Grade: 92%**

### SKILLS AND KNOWLEDGE

#### **Programming Languages**

- Dart & Flutter
- Kotlin & Java (Android)

- Python
- C++
- PHP
- C#
- Linux

## Databases

- SQL/MySQL

## Technologies & Tools

- Git/GitHub
- Firebase
- RESTful APIs, SOAP, WebSockets
- JIRA
- CI/CD Pipelines

## Productivity Tools

- MS-Word, Excel, PowerPoint, Access

## Web

- HTML, CSS, Bootstrap

## Software Engineering

- Clean Architecture | Object-Oriented Programming | Problem Solving
- Complex Decision Making | Project Management | Service-Focused Development
- High Organizational Capacity | Strong Communication

## Language-Skills

- Arabic: Native speaker
- English: Business fluent, technical correspondence

## PROJECTS

### ➤ Dental Store

Google Play: <https://play.google.com/store/apps/details?id=com.dentist.dental.store>

### ➤ Masrat

Google Play: <https://play.google.com/store/apps/details?id=com.masret.app.masrat>

### ➤ Women's Guide – Delivered to client (later removed from Google Play)

Developed an app providing an informative guide to facilitate women entrepreneurs' access to legal information.

### ➤ Additional 6+ unpublished applications

mix of private client projects and apps under review.
